

THE THIRD MEETING

The third meeting of the MeLDE project took place in Athens, Greece on the 22nd of October 2019.

During the meeting the professional development course for teachers was analyzed, whereas the interactive and freely accessible e-learning platform was presented.

Its functionalities were discussed as well as the validation methodology for the participants of the C1 training to earn the 'MELDE MENTOR BADGE'.

SHORT-TERM STAFF TRAINING - C1

The short-term staff training (C1) of the European Erasmus+ SCHOOL project "Media Literacy in a Digitalised Era - MeLDE" was held online between the 16th and 18th of November 2020 and was completed with great success! The participants had the opportunity to get informed about the project, its professional development course for secondary school teachers - learning modules, the eLearning platform as well as its functionalities, and an open discussion about 'Technology and education in the COVID-19 era'.

The modules presented were:

Module 1 - Digital Teaching and Learning
Module 2 - Communication and Collaboration
Module 3 - Digital Content Creation
Module 4 - E-Safety

To find more about the material developed, visit our e-learning platform at: <http://melde.iit.demokritos.gr/>

“

“A democratic society depends upon an informed and educated citizenry.”

- Thomas Jefferson

THE FOURTH MEETING

The fourth transnational meeting took place online due to restrictions on travelling imposed by the COVID-19 pandemic.

The meeting provided a good opportunity for the consortium to discuss the feedback received from the C1 training event and to share ideas about the finalization of the MeLDE Toolkit, which later will be used in schools to run a course in media literacy for digital citizenship.

The implementation of the pilot testing in all the partner countries is expected to start in spring.
